

Level 2 NVQ Diploma in Construction Operations (QCF)

About the course

The aim of this qualification is to recognise the knowledge, skills and competence demonstrated by an individual in the workplace. This Level 2 NVQ Certificate in Construction Operations - General Construction provides the opportunity for individuals who specialise in general construction to demonstrate their competence. There is also a Level 2 Diploma in this occupational area. The units in this qualification are derived from National Occupational Standards

Structure of Course

For the Edexcel Level 2 NVQ Diploma in Maintenance Operations (Construction) (QCF) learners must complete all units in Group A and a minimum of one unit in Group AO. Learners must also choose the specified number of units from three other optional Groups (B, C, D, E, F, G, H or I), to obtain a minimum of 54 credits.

Assessment

The overall grade for NVQ qualifications is a 'pass'. The learner must achieve all the required units within the specified qualification structure.

To pass a unit the learner **must**:

- Achieve all the specified learning outcomes
- Satisfy all the assessment criteria by providing sufficient and valid
- Evidence for each criterion
- Show that the evidence is their own.

NVQ qualifications are designed to be assessed:

- in the workplace or
- in conditions resembling the workplace, as specified in the assessment
- requirements/strategy for the sector, or
- as part of a training programme.
