

Level 2 Apprenticeship in Maintenance Operations (QCF)

About the course

The Level 2 Apprenticeship in Maintenance Operations allows learners to demonstrate Knowledge & competence against the National Occupational Standards which are based on the needs of the facilities services sector as designed by asset skills. They contribute to the development of skilled labour in the sector.

Structure of Course

To achieve this qualification the learner must achieve all mandatory and optional units agreed via competence based observation and knowledge based assessments including passing the relevant Functional Skills grade in both English and Maths.

Assessment

All units in this qualification are assessed by portfolio. Evidence for this qualification must come from the learner's consistent performance in the workplace and must meet the requirements of the Proskills QCF Assessment. Further guidance for each unit is available upon request. All Assessment Criteria must be met in each relevant unit to achieve this qualification.
