

Level 2 Diploma in Business Improvement Techniques (QCF)

About the course

This qualification is appropriate for employees in the engineering sector working across a broad range of areas. They are designed to assess occupational competence in the workplace where learners are required to demonstrate skills and knowledge to a level required in the engineering industry.

Structure of Course

To achieve the Edexcel Level 2 NVQ Diploma in Business Improvement Techniques (QCF) Learners must complete a minimum of 56 credits. Learners must complete all mandatory units in Group A (12 credits) and then choose one of the following pathways:

- Quality improvement
- Process improvement

Assessment

The overall grade for each qualification is a 'pass'. The learner must achieve all the required units within the specified qualification structure.

To pass a unit the learner must:

- Achieve all the specified learning outcomes
- Satisfy all the assessment criteria by providing sufficient and valid evidence for each criterion
- Show that the evidence is their own.

The qualifications are designed to be assessed:

- In the workplace or
- In conditions resembling the workplace, as specified in the assessment requirements/strategy for the sector, or
- As part of a training programme.
