

## Level 3 Advanced Apprenticeship in Health Care Support Services (QCF)

### About the course

For the advanced Apprenticeship you'll take on more delegated responsibility from your extended team in the care setting and have more involvement with your team to ensure they fulfil their roles effectively.

During the course of your training you'll complete:

- Level 3 Diploma in Healthcare Support Services
- Level 2 Functional Skills

Once you've completed your advanced Apprenticeship, you could continue with your qualifications in this area and progress to further roles within the healthcare sector.

### Structure of Course

Training for this Apprenticeship is based around a combination of mandatory and optional modules.

### Assessment

The overall grade for the qualification is a 'pass'. The learner must achieve all the required units within the specified qualification structure. To pass a unit the learner must:

- achieve all the specified learning outcomes
- satisfy all the assessment criteria by providing sufficient and valid evidence for each criterion
- Show that the evidence is their own.

The qualifications are designed to be assessed:

- In the workplace or
- In conditions resembling the workplace, as specified in the assessment requirements/strategy for the sector, or as part of a training programme.

### Course Modules

#### Mandatory Group -

- Engage in personal development in health, social care or children's and young people's settings
- Promote communication in health, social care or children's and young people's settings
- Promote equality and inclusion in health, social care or children's and young people's settings
- The role of the health and social care worker
- Promote and implement health and safety in health and social care.

#### Optional: Group

- Service improvement in the health sector
- Manage own performance in a business environment

*Remaining units can be found on the providing qualification board's website*
