

## Level 2 NVQ Certificate in Supply Chain Management (QCF) (Logistics)

### About the course

These qualifications provide people who contribute to the operation and/or management of supply chain activities across the economy with a qualification that demonstrates they have the knowledge, skills and understanding needed to carry out their role to a professional standard. The qualifications demonstrate to an employer that the employee is capable and competent to do their own job and confirms to the employee that they have a range of flexible skills, knowledge and understanding, backed up by a nationally recognised qualification.

### Structure of Course

To achieve this qualification, learners must complete all units from Mandatory Group A, a minimum of two units from each of the Optional Groups B and C and a minimum of one unit from each of the Optional Groups D and E. To achieve a minimum total of 27 credits.

### Assessment

The overall grade for these qualifications is a 'pass'. Learners must achieve all the required units within the specified qualification structure.

To pass a unit the learner must:

- Achieve all the specified learning outcomes
- Satisfy all the assessment criteria by providing sufficient and valid evidence for each criterion
- Show that the evidence is their own.

These qualifications are designed to be assessed:

- In the workplace, or
- In conditions resembling the workplace, as specified in the Skills for Logistics assessment guidance for qualifications in the QCF, or
- As part of a training programme.
