

Level 2 NVQ Certificate in Warehousing and Storage (QCF) (Logistics)

About the course

The Edexcel Level 2 Certificate in Warehousing and Storage (QCF) aims to provide a suitable qualification that enables individuals to demonstrate their competence and understanding against a set of units based on the needs of the industry. The qualification has been designed to support those involved with distributive operations such as dealing with the handling and storing of goods within a commercial, industrial or remover's warehouse, or freight facility.

Structure of Course

Individual units can be found in the Units section. The QCF level and credit value are given on the first page of each unit.

To achieve this qualification learners must achieve a minimum of 26 credits.

Learners must complete both units from mandatory group A, two units from optional group B, one unit each from optional groups C, D and E and any combination from optional group F to a minimum of 6 credits.

Assessment

The overall grade for these qualifications is a 'pass'. Learners must achieve all the required units within the specified qualification structure.

To pass a unit the learner must:

- Achieve all the specified learning outcomes
- Satisfy all the assessment criteria by providing sufficient and valid evidence for each criterion
- Show that the evidence is their own.

These qualifications are designed to be assessed:

- In the workplace, or
- In conditions resembling the workplace, as specified in the Skills for
- Logistics assessment guidance for qualifications in the QCF, or as part of a training programme.
